Customizable AI Licensing Clause Template

*Fillable Clause Template for Contracts Involving AI Training Use
of Licensed Content*

Permitted Use – AI Training

[Licensor Name], hereinafter referred to as the 'Licensor', grants [Licensee Name], a non-exclusive, non-transferable, revocable license to access and use the Licensed Content, described as [Dataset Description], solely for internal research and development purposes.

The Licensee shall not use the Licensed Content, in whole or in part, for training, fine-tuning, or validating machine or artificial intelligence models without the express written consent of the Licensor.

Any such usage must be subject to a separately negotiated agreement outlining royalties, including but not limited to usage-based licensing models (e.g., per token, per API call), data protection responsibilities, and attribution rights. This agreement must also specify permitted scope, term, and jurisdiction.

Optional Add-ons for Legal Completeness

- Include jurisdiction-specific references (e.g., India: Copyright Act, 1957; US: 17 U.S. Code § 107)
- Add warranties or indemnity clauses to protect against IP infringement.
- Attach logs of dataset access and usage terms.
- Include rights to audit AI training datasets and outputs.
- Define dispute resolution methods and governing law.

Disclaimer: This clause is intended for general informational purposes only. It does not constitute legal advice. Always consult a licensed attorney to adapt clauses to your jurisdiction and specific contractual needs.
